

All 4 One World

The Ultimate Business System

Equal opportunity for all
Nobody jumps the queue.
Nobody gets left behind.

ALL FOR ONE WORLD

HOW IT WORKS

The launch of a new Team, everyone's Team.

Do you want to take on the big marketers in a business opportunity where everybody in the team is equal?

This is an introduction to what is without doubt the most equal business opportunity on the internet. When we say equal we mean that everybody is an equal partner, everybody has the same benefits, nobody is better than anybody else.

It doesn't matter whether you are an internet guru or a first time internet user, you will have the same opportunity as everybody else

Because of its unique formula this is the only program on the internet that pays you hard CASH in the form of Cash dividends and a Cash sponsorship bonus plus many other rewards as you progress through the phases.

The reason this program is different is that everybody works together, you only need to get 2 upgrade members under you to qualify and then you are in the system with the same opportunity as everybody else, all members progress at the same speed, there are no big net-workers building huge down-lines taking all the benefits, leaving all the crumbs for the ordinary member.

You promote your own referral link, any upgraded referrals you get go into the system that are surplus to your requirements (for every unit you have you need 2 upgraded members under you) you can put them up for sale in the referral market..

The goal of the programmers who created this program was to create something that gave everybody the **same and equal opportunity**, where no matter what your knowledge is you are all treated the same, where nobody is better than anybody else.

With your help we can become the best team on the internet

What does this mean for you?

**It means that Everybody has the same opportunity
Nobody gets left behind
Everybody in the team is equal**

The Referral Unit Market

This is the new innovation of All 4 One World; no other program on the internet can offer its members anything like this. If you go out and promote the program not only can you get your own units qualified you can make extra money selling the qualifying power of the units you don't need that your referrals buy.

You could be earning hundreds of Euro per month just by promoting the program.

Let's us give you a quick tour of the Referral Unit Market:

When you get an upgraded referral, that referral has bought a unit in the Qualifying level (Phase 1) of All 4 One World.

What you will be able to do is sell the qualifying power of that unit to other members of All 4 One World who need units under them to qualify their own units they have in the Qualifying level (Phase 1), you are not selling the actual referral.

The referral will stay with you for as long as you are a member of All 4 One World. And count towards any referral competitions.

Example 1:

When your referral buys 1 unit in the Qualifying level (Phase 1):

If YOU have units in the Qualifying level (Phase 1) and you already have 1 other Referral Unit in your referral bank then the system will automatically qualify 1 of your Qualifying level (Phase 1) units.

If not them you can sell the qualifying power of that unit in the Referral Unit Market.

Example 2:

If your referral bought 2 units in the Qualifying level (Phase 1):

If YOU have units in Phase 1 the system will automatically qualify 1 of your Qualifying level (Phase 1) units.

If not them you can sell the qualifying power of those units in the Referral Unit Market.

Example 3:

If your referral bought 3 units in the Qualifying level (Phase 1):

If YOU have units in the Qualifying level (Phase 1) the system will automatically qualify 1 of your Qualifying level (Phase 1) units.

Any units not used will be added to your referral bank.

You can sell the qualifying power of Units that have not been used to qualify your Qualifying level (Phase 1) units in the Referral Unit Market.

The market will be operated on a supply and demand basis.

Dividend Pool - The "backbone" of All 4 One World.

The dividend is what makes All 4 One World stand out!

Each qualified Unit counts as one part in the Dividend Payout.

Dividends come from Dividend Units cycling out of Phase 4.

The **Dividend Units** "belongs" to all members.

The main interest during "Brainstorming" was to find a way not to favour "The Chosen Few" which is mostly the same people appearing every time a new company launches. It is always "those famous networking guru's" that get Top positions just because of their name.

Therefore we decided to make Dividend Units in the top of each Phase before launch.

The Units that cycle out of Phase 4 at the start of the company are therefore belonging to all members. This makes it fair play for all.

When they cycle 25% of the money goes into a "Buffer Pool" the other 75% goes to the Dividend Pool.

Normal Units:

Dividends are paid out 4 times a year.

They are paid to all Units in Phase 2 and 3, except cycled Units.

This means that you will get Dividend just for being a member of All 4 One World and your waiting time will never be more than max. 3 months (till next Dividend payout).

PHASE 1:

Every Position you buy will enter in Phase 1
The cost of one Unit in Phase 1 is 85 Euro.

When you have your 2 referrals under you in Phase 1 your unit moves to Phase 2

So you get:

- 1 New Unit in Phase 2.
- E-Wallet (online account) in www.MyWorldWallet.com **Guarantee:** If your Unit has not cycled out of Phase 1 within 90 days you can ask for your money to be returned (claim within 5 days).

PHASE 2:

When the system has placed 6 Units under yours, your Unit will move to Phase 3.

So you get:

- 1 New Unit in Phase 3
- Cash Dividend (paid quarterly)
- Debit Card value 35 Euro first time you cycle **and** Cash sponsorship bonus of 85 Euro paid into your E-Wallet, thereafter Cash sponsorship bonus of 85 Euro paid into your E-Wallet.
- 1 Fast Lane Position (value \$60) in <http://www.TeamUBP.com>
- 1 Turbo Position (value \$60) in <http://www.TeamUBP.com>

PHASE 3:

When the system has placed 14 Units under yours, your Unit will move to Phase 4
and it will also recycle and give you a new Unit in Phase 3.

So you get:

- 1 New Unit in Phase 4
 - 1 Recycle Unit in Phase 3
 - Cash sponsorship bonus of 220 Euro paid into your E-Wallet **or** 4 new Units in Phase 2 value 620 Euro
-

PHASE 4:

When the system has placed 14 Units under yours, you have reached your goal and it will also recycle and give you a new Unit in Phase 4.

So you get:

- 6,000 Euro paid into your E-Wallet
- 1 Recycle Unit in Phase 4
- 14 New Units in Phase 2 value 2,170 Euro.

Furthermore your cycling generates:

- 14 Dividend Units in Phase 2 value 2,170 Euro
- 1,000 Euro goes to Our Planet which is our project that helps all over the world from reef reconstruction to building schools for children in the 3rd world, Tree planting, helping the animals and more. (You can choose from the options available).
- 500 Euro goes into our Shared Members Advertising Pool (You will thereby actively promote)
- 1,000 Euro into the Dividend Pool

The total value of the benefits you will receive from Phase 2,3 and 4 is 17,215 Euro.

SHOP:

Yes, we have a shop. Profits from the shop will be used to purchase Dividend Units. How much, depends on all of us. It depends on how much we go shopping and how much we promote the shop. It depends on how good we are in continuously expanding the shop - but we are a good Team, a damn good Team.
